THE SETTING

Gather in Mleiha

Open desert. A camp to gather in. An evening around the table.

At Zerzura, the landscape sets the pace. Spend the afternoon sharing challenges around camp, then settle into heritage-inspired dining as day turns to evening.

Set within Mleiha National Park, approximately 45-60 minutes from Dubai, Zerzura brings adventure and hospitality together in one desert setting.

Desert Challenge

A hosted circuit of practical team activities in one location around camp. Communication, coordination and friendly competition.

Bedouin Treasure Hunt

A desert story told through maps, clues and a final treasure reveal. Observation and shared problem-solving.

Oil Hunt

An exploration game combining navigation, resource decisions and a model-building challenge. Strategy put into practice.

Each programme includes a briefing, facilitated activities and a closing reflection. Add dinner to continue the day at Zerzura.

Zerzura Desert Challenge

A shared challenge at camp

Gather your team at Zerzura for an afternoon of practical challenges, clear thinking and friendly competition.

Begin by creating your team's identity, then move through hosted stations around camp. Plan a route, guide a teammate, coordinate a relay and complete a precision task together. Each activity asks something different of the group.

The selection and pace are shaped around your group. Add a shared Domino Challenge finale, then continue into dinner at camp.

The experience

- 01 Identity Fusion:** create a team name, identity and shared introduction.
- 02 Minefield:** work together to complete a challenge within a marked obstacle area.
- 03 Mission Impossible:** complete a sequence of tasks with different communication roles.
- 04 Marble Relay:** guide a ball along sections of pipe, coordinating every handover.
- 05 Precision Transfer:** move a game prop through a coordinated team manoeuvre.

Zerzura Bedouin Treasure Hunt

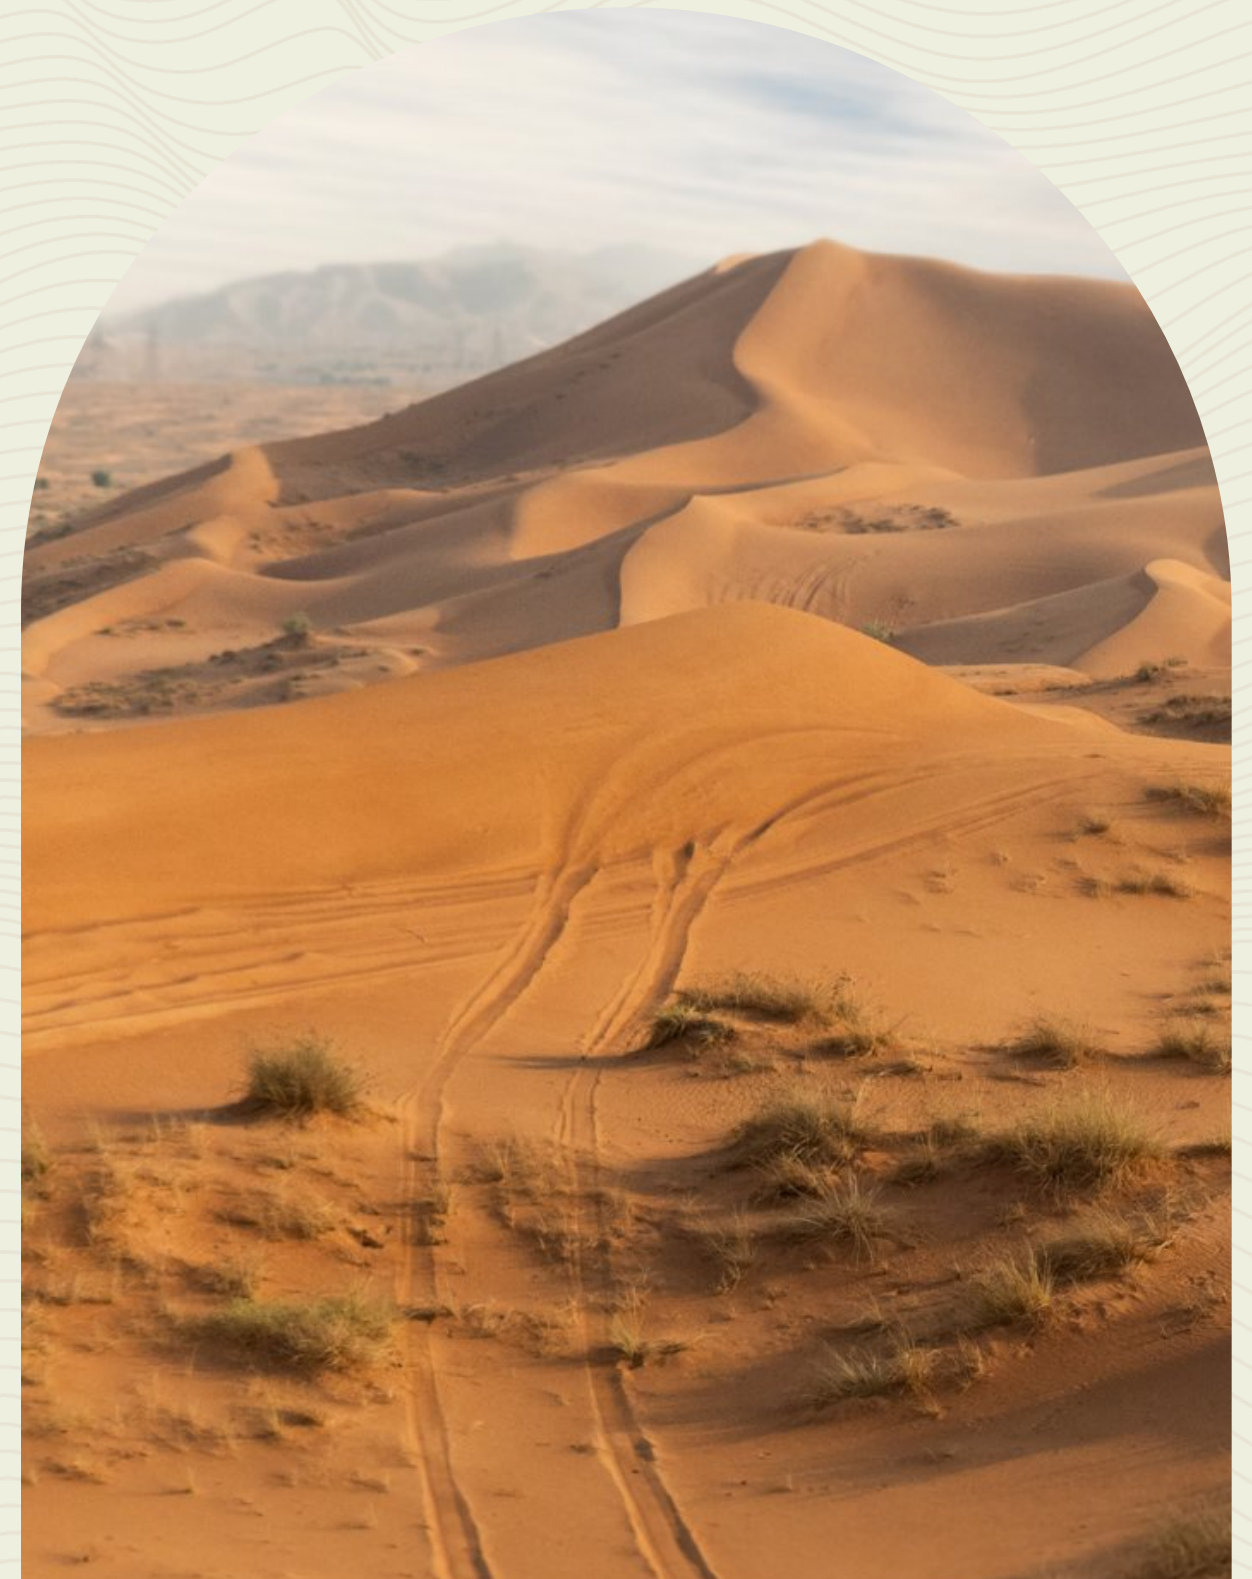

A story waiting in the dunes

A merchant's lost journal sets the scene for a fictional desert adventure. Follow the map, solve the clues and gather the fragments that lead to the treasure waiting at camp.

Hosted waypoints bring navigation, observation and puzzles into the experience. Each discovery gives the team another piece of the story.

Maps and clues · Hosted challenges · A final treasure reveal

Return to camp for the closing reflection, with dinner available as part of your programme.

Zerzura Oil Hunt

Plot your course

Take on the role of an exploration crew. Gather survey information, decide where to invest your game resources and construct a model oil derrick.

The challenge moves from navigation and planning into practical construction. Your team presents its decisions before the models are put to the test.

Survey tasks · Resource decisions · Model construction
· Final testing

A hosted strategy game that can be followed by dinner at Zerzura.
